INTERIOR DESIGN

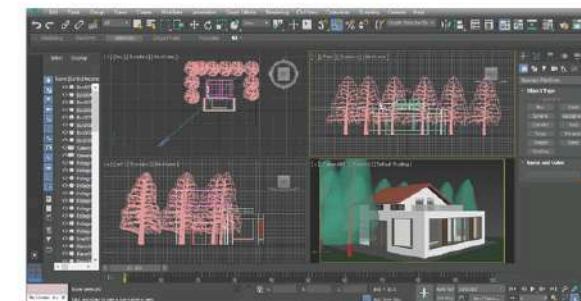

DESCRIPTION: This interior is inspired from Pinterest interior design. This is made with boxes and different types of maps for the texture. The chairs are done using plane & chamfer box and modified.

EXTERIOR- REFERENCE

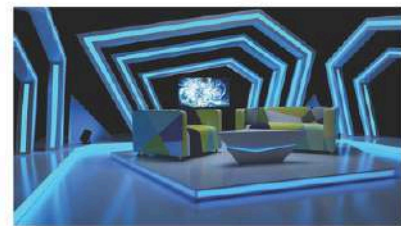

EXTERIOR DESIGN

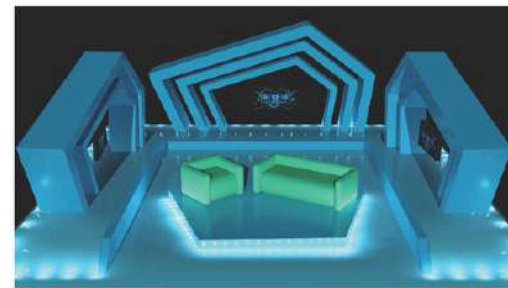

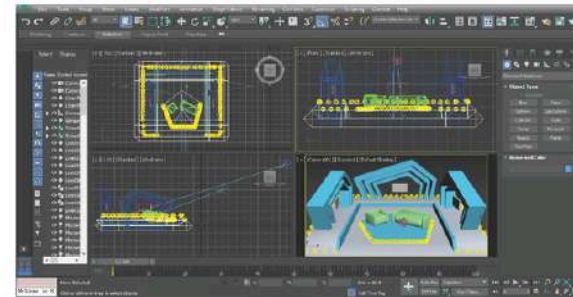

DESCRIPTION: This interior is inspired from Instagram Exterior design. It is made with boxes, rectangles, WRectangles and plane. The glass is done using different material maps. The trees are created using foliage from AEC Extended.

AGENZIA

VIRTUAL SET - REFERENCE

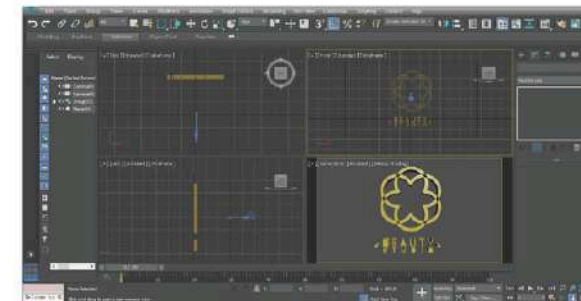

VIRTUAL SET

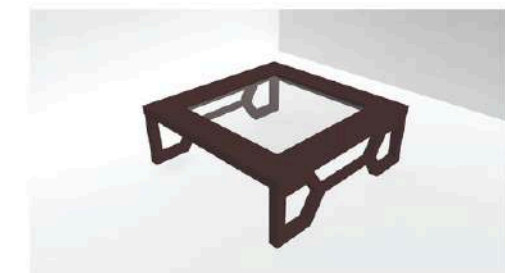

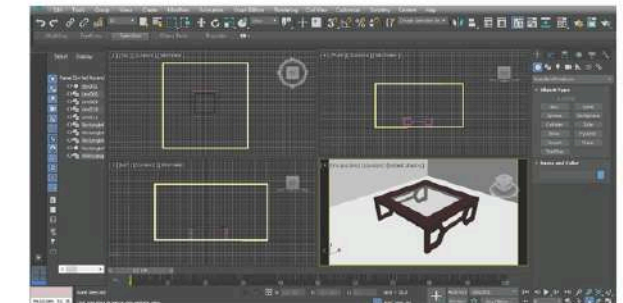

DESCRIPTION: This virtual set is inspired from Behance. The set is done with chamfer boxes modified to editable poly and deleted the unwanted segments. The arch is one with line and extruded and scaled for different sizes. The seating area is done with Ngon and the sofa is done with chamferbox.

LOGO ANIMATION

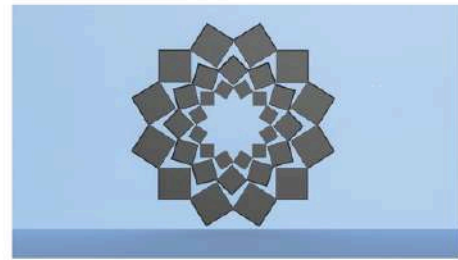

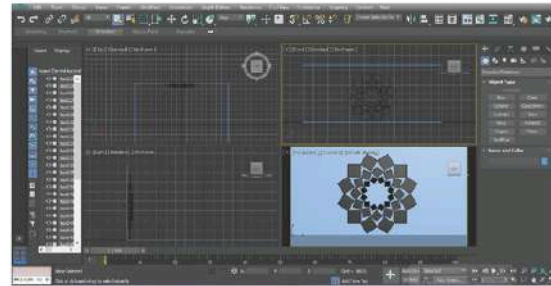

DESCRIPTION: This logo is for a beauty saloon. The theme of the saloon is black with gold. The logo is designed in Illustrator and extruded followed by animation. This logo is inspired from an existing logo but I have made some changes to look different from the original logo.

OBJECT - TEA TABLE

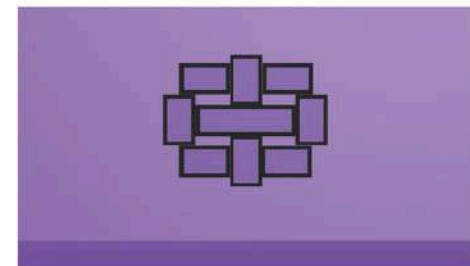

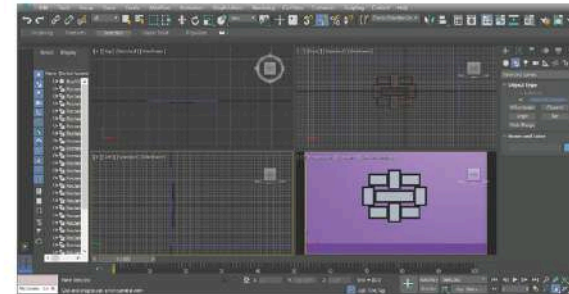

DESCRIPTION : This is a tea table inspired from interior furniture. The table is made with WRectangle from extended splines and extruded. The legs are made with Line into spline and then extruded. The mirror is done with the help of material editor.

OBJECT - BOOK SHELF

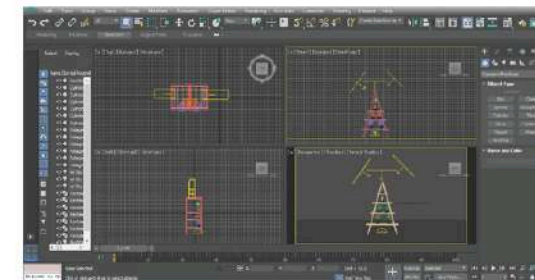

DESCRIPTION: This is a book shelf in the shape of a flower. It is done with boxes carefully arranged in this order and modifies it to editable poly and deleted the unwanted polygon. Then it is modified with shell.

OBJECT- PHOTO FRAME

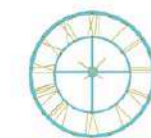

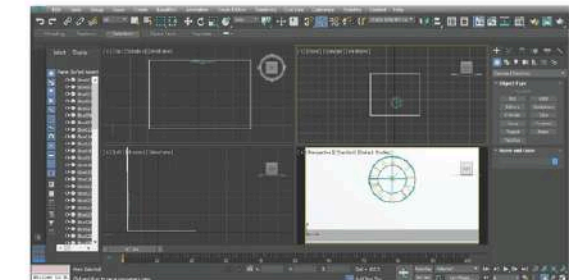

DESCRIPTION: This is a photo frame with 9 small photo frame. It is done using WRectangle from extenden splines and rectangle. Two layers of rectangles is used one for picture and other for glass.

OBJECT - PLANT STAND

DESCRIPTION: This plant stand is inspired from Adroit buildings. The plant stand in the shape of a ladder. This is made with extrude line and the rectangle. The pots are in black color as they are eco-friendly. The plants are created using foliages from AEC Extended.

OBJECT - WALL CLOCK

DESCRIPTION: This is a wall clock with roman numbers. The clock is done with circle spline with outline and extruded. The blades and numbers are done with extruded rectangles. This is inspired from the movie "MATILDA".
